

KISAAN PARIVAR INDUSTRIES LIMITED

DETAILS OF BUSINESS

Kisaan Parivar Industries Limited is a farming community including large scale and small scale farmers all over the India. We create a reliable market with high quality agriculture products that are produced by our farmers in our own lands. We are updated with the latest technological machines and advanced equipment that is required for any agricultural firm. Our machines support pulverising, blending, steam sterilization and other retort sterilization processes that help for advanced organic farming practices.
